**Return August 7, 2010**

**Open to current 6th through 12th graders.**

**More information is available at [www.youthworks.com](http://www.youthworks.com)**

Savannah, Georgia is a Southern gem, filled with a unique history and character. From Savannah's architecture and art to its gardens and open public spaces, there is plenty to see during a walk through this charming city. Savannah's rapidly growing population, however, has contributed to city struggles such as poverty and homelessness. Your group can reach out to this community through partnering with local ministries to serve the homeless, the elderly and children and assist the city with house painting projects. Many need our time and attention. The goal of a YouthWorks mission is to meet the needs of the residents with existing YouthWorks ministry programs, as well as support volunteers of existing social service organizations. During the days, we will partner with support organizations to serve children, the elderly, and/or the homeless. We may be at one specific site, or numerous sites on a rotational basis. Evening activities will give us insight into the lives of local residents and the culture of the area. We'll have the chance to worship together and have a lot of fun.

**Cost: \$285.00 paid in full by 3/31/10**  
**\$30.00 in activities fees and spending money will be needed.**

**\*Non-refundable Deposit of \$100.00 asap!\***  
**Your place will be held once deposit is paid.**
